**Present Land Use/Zoning/General Plan Designation:**

**Agriculture**

**Project Description:** (please use a separate page if necessary)

The Dudley Ridge Water District proposes to adopt and implement the provisions of its 2020 Agricultural Water Management Plan. In the Plan, the District identified the need to improve the process for approving water transfers and exchanges among State Water Project (SWP or Project) contractors. As part of DRWD's review of the Plan along with one of the water management strategies identified in the Plan (i.e., streamlining the DWR approval process for water transfer water requests), DRWD is subjecting the Plan and the water transfers, exchanges, and banking operations described in the Plan to CEQA review.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S".
